Flynn Le Brocq, Oliver Legard, Joe Nickols, Tom Scrope  
& Miss Robinson.

### Ms Clarke's Wedding

Ms Clarke's wedding was on the 30<sup>th</sup> of September. It was held at Ripon Cathedral and after the wedding the reception was held at Aldwark Manor Hotel. Ms Clarke came up the aisle to the music of Zadok the Priest which was superbly played by Mr Oakshott. The bride looked radiant in her flowing wedding dress and Dr Martin looked very smart in his Morning suit. The choir sang beautifully; there were a few tears in the eyes of the guests. After the service the choir were treated to a magnificent wedding feast at Aldwark Manor Hotel. The choirboys were allowed to mingle with the guests and listen to the string trio. Mrs Martin is going on her

honeymoon at half term to a place called Dalyan, in Turkey and we hope she has a fantastic time.

### Mr. Goddard's Knee

### The ECO Group

ECO is an ecological group that is trying to make the school "greener". I came up with the idea last term and has successfully formed the group, made up of 5th Form boys. The boys gave a presentation to the whole school in Chapel. They explained what needs to change and how we can go about it. By the end of November, the ECO Group hopes to cut the school's oil consumption. The boys and staff have been told to "Keep your kit on" rather than take it off and to make sure that windows and doors are kept closed. Each classroom has a "green" box to put paper in. The ECO Group will empty them into the large recycling bins at school. my picture is now under every light switch and everyone is really trying to play their part.

By Joe Nickols

#### How did it happen?

Rescuing Mr Wyatt's computer cables from under his desk.

#### When did it happen?

After taking 5S for prep: 5:30-6:00.

#### Was there a reason?

I had damaged it during the summer holidays.

#### Do you think it will re-heal totally?

I hope so.

#### Has it happened before? If so was it bad?

Yes, it happened when I was sailing in Cornwall. I had to be rescued, which was rather humiliating. I hope the Selwyn Sharpes and Thomases, who were on holiday in the same place, did not witness my humiliation!

#### When are you hoping to be well again?

Reasonably soon. I am having it operated on at half term.

#### Do you think it will make you think differently about what you do?

Maybe but I don't want to stop sailing, so probably not!

**Inter-House Maths Challenge**

On Tuesday 17th October all of the 3rd, 4th and 5th form took part in the Senior Inter-House Maths Challenge. The boys were split up into 4 teams in each of their Houses. All of the boys took part in a long and exciting game of "Crunch". Large scores were awarded to the groups who got the highest numbers. After the tantalising game of Crunch everyone moved on to a "Maths Relay" and points were awarded for each correct answer. The winning Senior team was Thebans closely followed by Corinthians, Spartans and Athenians.

**Sedbergh Rugby Festival 2006**

On Sunday the 17<sup>th</sup> September the Aysgarth First team squad travelled to Sedbergh to play in the annual Rugby Festival. All of the players were woken up at seven o'clock on Sunday morning with a long bus journey to look forward to. All the team, bleary eyed, got on the bus. The journey was about an hour because of good traffic. We arrived at 10:30; half an hour before our first match. Our first opposition was a touring side called Caldicot, from Oxford, they were a very good side and Aysgarth suffered a heavy defeat 28-5. The highlight of the match was probably Ed Bethell's try, a length of the field run; round the defence and into the bottom corner. Aysgarth played 3 more games losing 2 and winning 1. We lost against St Olave's and Mowden. We were all syked up for the last group game against Queen Mary's Hall. In the "Bowl" Semi-final against Terrington Hall we won, 5-0. In the "Bowl" Final against Cundall Manor, Will Bostock put a high drop kick in the air for the forwards to chase. The whole game was slow and sluggish until the last minute when Hugo Armstrong crawled over the line to win the match.

***Sunday Activities at Aysgarth***

**Vintage Car Rally**

On Sunday 1<sup>st</sup> October, 12 vintage cars made their way down to Aysgarth for the Aysgarth Schools Vintage Car Rally. The boys were set a challenge to find out information about the cars, for example: the horsepower, the top speed and the make. The drivers of the vintage cars were set a challenge as well; they had to find out details about the school history with help from the boys and their own knowledge. Even though it rained all the boys really enjoyed looking at the cars

By William Bostock

**Pizza Making**

On Sunday 1<sup>st</sup> October a group of boys decided to go and make some pizzas with Miss Robinson. We started off with some dough mix. We had to knead the dough until firm and springy; we then rolled it out to make the base. We added our own choice of toppings including pepperami, Yum yum! Then the kitchen staff very kindly cooked them for tea. I think my friends were very jealous.

By Oliver Legard

**Leadership Day**

On the first Sunday of term Mr Barnard, Mr Goddard, Mr Gaven, Mr Southall and Miss Robinson organised a Leadership Day for the 5th Form. The boys were split into groups of 5 or 6 and were set tasks throughout the day. The tasks were: "Nuclear Fuel Rods", "Man, Rabbit, Dog and the Carrot", "Frogs", "Relay" and "Mental Challenges". All of the tasks made the groups work as a team. Throughout the day the boys were given a Brain Teaser Sheet which they had to work out in between tasks. All of the boys were assessed throughout the day and were marked on their Teamwork,

Leadership skills and Organisation skills. Each team was scored on their ability to perform the tasks. Team 5 were the overall winners. They were Jack Williamson, Rupert Lambert, Marcus Hill, Ivo Thomas and Tom McCann.
